MLK Denver Marade Community Support

The Wilhite Law Firm team proudly participated in the Denver MLK Marade, setting up outside our office along the marade route to support one of Denver's most meaningful community events. During the event, our team handed out African-American Heritage Calendars and granola bars as a small gesture of appreciation for a day centered on service, unity, and community engagement. The Denver MLK Marade is one of the largest Martin Luther King Jr. celebrations in the country, and we were honored to be present and support those walking in remembrance of Dr. Martin Luther King Jr.'s legacy.

Winter Driving Safety in Colorado

Colorado winters can bring sudden snowstorms, icy roads, and reduced visibility that make even short drives risky. Black ice, slick bridges, and rapidly changing weather conditions are especially common during early mornings and evenings. Staying alert and adjusting your driving habits during winter weather can significantly reduce the risk of serious car accidents. Preparation is essential when driving in snow or icy conditions.

To stay safe on Colorado roads during winter:

- Slow down and allow extra stopping distance
- Increase your following distance
- Avoid sudden braking, sharp turns, and quick acceleration
- Make sure your vehicle is winter-ready with proper tires and working lights
- Keep an emergency kit in your car with blankets, water, a flashlight, jumper cables, and basic supplies

These winter driving safety tips can help reduce the likelihood of collisions caused by snow, ice, and poor road conditions.
